Professional Summary

Professional Full Stack Software Engineer with 3 years of experience designing, building, and maintaining web and mobile applications. Skilled in developing clean user interfaces, building reliable backend APIs, and managing databases. Experienced in using TypeScript, React, Node.js, and .NET. Proven ability to work effectively and deliver high-quality software solutions.

Professional Experience

Full Stack Developer | Binary Cosmo (Hybrid/Remote)

2024 – Present

- **Netryde (www.netryde.com):** Collaborated with an engineering team to develop a Seattle-based transportation and ride-hailing platform for web and mobile applications.
    - Developed system features for real-time bookings and scheduled trips to improve the user experience.
    - Successfully integrated Stripe and PayPal payment gateways for secure transactions.
- **Multi-Tenant SaaS Platform (Live Link) on progress:** Built a secure, multi-tenant financial web application for startups using Next.js, .NET, and PostgreSQL.

Presales System & Cloud Engineer | IEnetworks Solutions

Jul 2024 – Dec 2024

- **System Administration Support:** Provided system administration and technical support for virtualized server environments and cloud infrastructure.
- **Presales Engineering:** Assisted with technical bidding, drafted project proposals, and designed infrastructure solutions for clients.

Full Stack Developer (Contract) | Pawe Radiator

2023 – 2024

- **Inventory & Sales Management System:** Designed and developed a responsive web application using React and Tailwind CSS to track inventory and sales.

- **Backend & Real-Time Features:** Built RESTful APIs using Node.js, managed MySQL databases, and implemented Socket.io for real-time platform updates.
- **Security:** Integrated JWT authentication to ensure secure, role-based user access control.

Software Developer Internship | AFRICOM Technologies PLC
Sept 2022 — Feb 2023

- **Document Management System:** Contributed to the design and development of a document tracking system using ASP.NET Core MVC and C#.

Technical Skills

- **Languages:** TypeScript, JavaScript, C#, SQL (PostgreSQL, MySQL, MS SQL Server)
- **Frontend:** React, Next.js, React Native, Tailwind CSS, Material UI (MUI), Redux
- **Backend & APIs:** Node.js, .NET, ASP.NET Core MVC, RESTful APIs, Socket.io, JWT Authentication
- **Cloud & Tools:** AWS, Azure, Supabase, Docker, Git.

Education

Bachelor of Science in Electrical and Computer Engineering
Addis Ababa Science and Technology University (2017 — 2023)

- **GPA:** 3.59/4.00

Certifications

- **Microsoft Certified:** Azure Fundamentals
- **AWS Certified:** Cloud Practitioner
- **CompTIA:** Server+ Certified
- **freeCodeCamp:** Front End Development Libraries
